Shipping Information

We will quote the most economical shipping to your address.

UPS: United Parcel Service offers an economical method of shipment but has weight and size restrictions.

1. The base rate restricts material lengths to just over 4 ft. starting at about \$7.00 for packaging & UPS escalating with increase in weight.
2. The next size, with the first up-charge, is our 6 ft. tube w/ a 3" diameter.
3. Maximum length of material, at a premium charge, is just over 96" with a girth of 25".
4. Although UPS will take up to 150 lbs., any long package over about 60 lbs. is very likely to arrive damaged.

Via: Truck, Common Carrier, "LTL"

1. The base charge for an "LTL" shipment starts at over \$50.00.
2. Size restrictions: We have shipped 24 ft. tubes interstate.
3. Packages over 8 ft. must be shipped via "LTL"
4. Larger shipments increase UPS charges to the point where the "LTL" rates become competitive.
